Again, i know that some , and probably most of what is written in Sacrificial Lamb 2 may be difficult to understand. Unfortunately it's just how i think and how i am able to express myself. I seem to only work with fragments, and never complete thoughts. But as my thoughts, and life are fragmented, so it life. Just a series of moments, and experiences held together by some common thread. Or in my case a steel cable (you know who you are). If something, anything goes right, there is a chance you have before you another thread, and maybe it will connect, maybe not. The introduction is now over, get on the space coaster and ride with the H.S.B.

THE LAMBS' FAMILY TREE DOES CONSIST OF: The H.S.B., T-Bottom, Splinter, Nothing inc., G-mo, The Legendary Chrunchface Foundation & 250 e.thorton,transmeteorologist (r.i.p), the two fruit eaters, j.h., Birdface, 404 willis, sadis, gumby, & L.T. sex

the blue light is on, truly an experience to see. but just me an kitten, sitting on a rock can notice. everybody is just caught up in their own little manipulations. i really have no interest in all the bindings that seem to restrict and confine. but more and more it seems that i'm tripping over all of these tent spikes. yet they don't dislodge, they just drive deeper into my feet and hands, and reel me in like a 20 pound catfish on some pleasure boat. no one realizes that i won't be eaten, and i'm poisonous for my own protection. so fuck you, i swim deeper than anyone else. still my spikes may not be in to deep, but i'm not about to move again. all who sleep in the tent. the work of one year

THE MEDIA IS A DISEASE
(and now is the time to cure it)

That disease - THE MEDIA - oh, it's a powerful disease. I've only narrowly escaped its corrupt grasp myself, only to find its pervasive symptoms spawning in other's minds. leading THEM down the poisoned path of submissive compliance and exploitation that is occupied by the powerful - THE MEDIA. Have you ever stopped, if just for a moment, and thought about what THE MEDIA "really" is? It's a capitalistic industry - they want money - and often they will do anything to get it. They want YOU to buy it, to buy it all (literally). They'll exploit, and they'll drag you into the polluted shithole that they writhe in - with their flashy clothes, and "new" designer pop cans. They take "popular" oppression (stereotypes, etc.) and universalize it. They create a country of exploiters and oppressors.

It's not that easy to ignore all this when it's going on everywhere around you. We as AMERICANS are born into the MEDIA CULTURE. I'm not talking about some aristocratic government shoving a gun down your tender throat, but it might as well be. And if THE MEDIA has its way this tainted path will be walked forever. Most likely THE MEDIA will have its way. After all the MEDIA WAY has become the AMERICAN WAY. What more could they possibly ever want? Brainwashing - quick, clean, and simple - unlike previous methods that resulted in more blood, missing legs, arms, and eyes, etc. (a little humor). THE MEDIA has this market cornered. They've got it - and they're not about to give it up. They know they have control of the publics' wants and desires. And they love it.

This disease is an inconspicuous one. It lures you in, it says, "I'll be your friend on those lonely nights.... Come on give me a try." After that it is all over THE MEDIA'S got you, and from then on the stench, that horrible stench, it follows you everywhere. It is in your speech, your appearance, everything. It oozes from every pore. It oozes, unlike any other ooze before. And from you, from your diseased oozing body, it infects others.

Currently, the whole country is contaminated - there is no where, absolutely no where THE MEDIA, this disease, hasn't permeated. After all, we're HUMAN BEINGS, the ultimate all conquering, all exploiting species. We're wonderful. Amen

THE INFECTION IS SPREADING - WHAT ARE YOU GONNA DO?

cherry pie sounds good.

Before deliverance from womb, genders image sets in a permanent scar. Don't worry who we are, they'll tell us, so leave it up to them. (what choice do the newborns have anyway?) Ultrasound predict it quick. We gotta paint the room and buy the toys. (will it be pink and stels with stuffed animals or blue with sport araphanelia and a tool set?) Baby's gonna make reservations EARLY and you won't choose your room, the ROOM will choose you. Now that the subjects introduced, the morals must be taught. Don't shit your pants. Mommy's in the kitchen and dad in the workshop. The kids in front of TV learning how to do it all over again. He cuts his hair-she wears a dress-his penis is a mental accomplishment (she doesn't interrupt). She paints her face-a common life ritual. He grows to be an asshole (a patriot), but she does too, two steps behind him (by choice?), with a grin (idiotic smirk).

PRODUCT OF MY SOCIETY? CUSTOM MODEL PAGE

I'm surrounded by shit and the under-tow is always trying to drown me. What little air I manage to secure tastes stale and dead. I regret reusing it each and every time (it's like breathing in a plastic bag), but I need to breathe to maintain what I am. I will not give in. I will not drown and become the corpse that so many submit to (they relive the common life and subsist on each others excrements). Self control is my nature, but that doesn't diminish their power. (the creed of pleasure at ANY cost). Their power doesn't affect me, but surrounds me. They have no jurisdiction here, not if you deny them that right. (In other words, my senses are my lungs and their close to passing their limit. And if you don't understand this, I couldn't care less.)

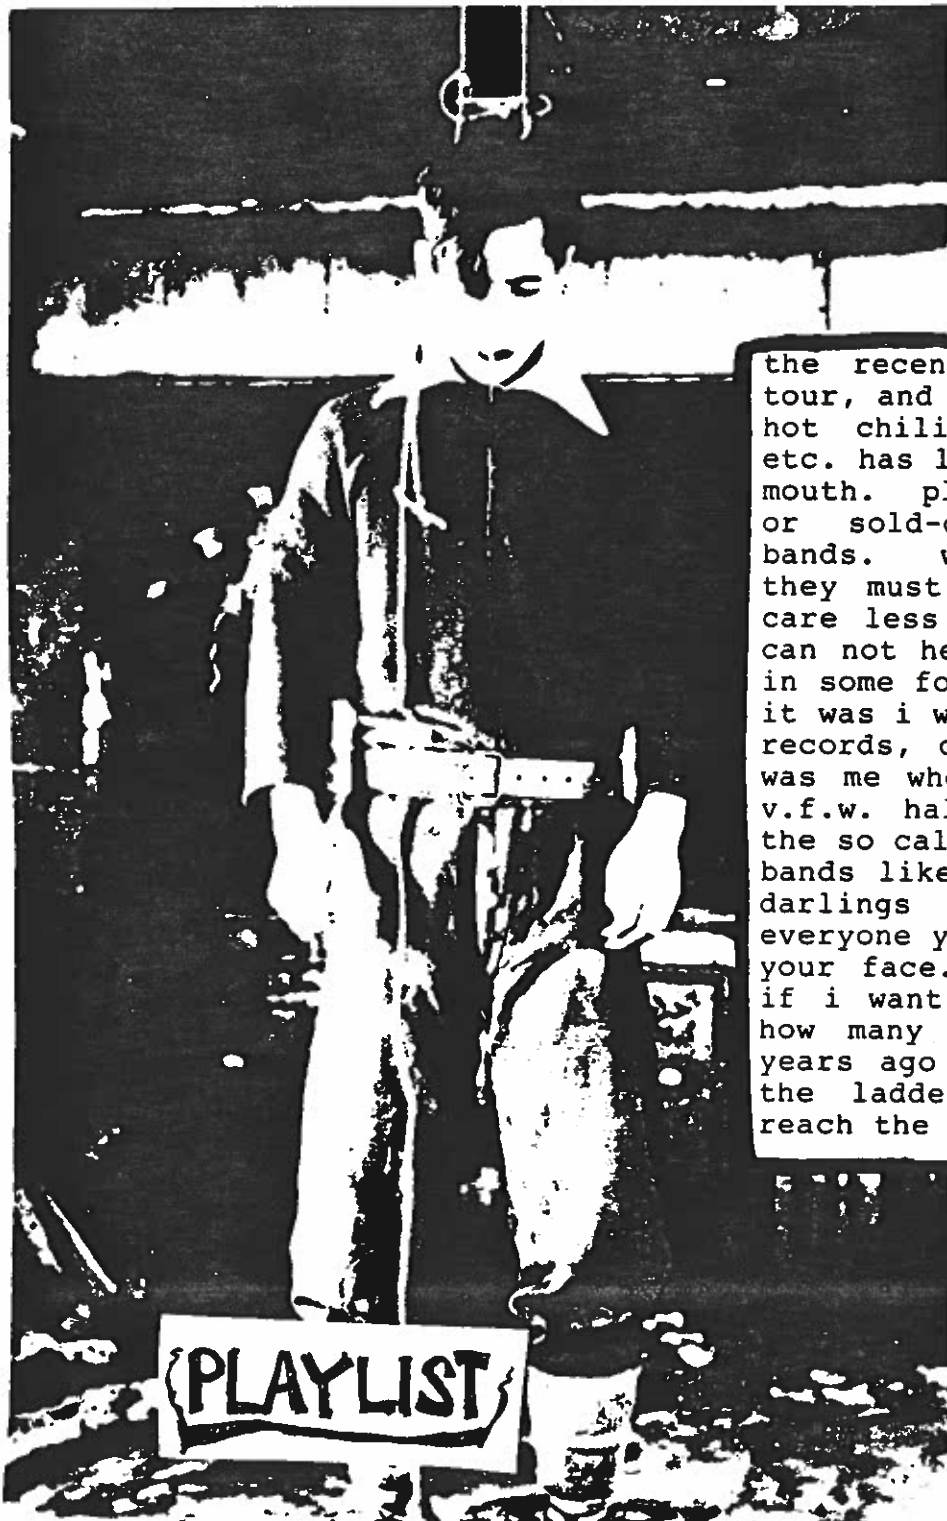

DON'T TALKONIZE ME, I'VE READ THE BIBLE

ATTENTION IMAGE USERS , BEWARE

IMAGE DOES NOT BECOME TAINTED, IMAGE ITSELF TAINTS. IT CAUSES ONES MIND TO BECOME TORPID AND FILL WITH LANGUOR. THE COMMON LIFE THOUGHT OF IMAGE AND APPEARANCE BEING A NECESSITY ISN'T VERITABLE, BUT MORE OF A CONTRADICTION. IMAGE IS ONE OF THE MORE ADDICTIVE AND HABITUAL DRUGS BEING USED TODAY. IF YOU'RE A USER, YOU MUST STOP NOW, BEFORE THE EFFECTS BECOME PERMANENT, IF THEY AREN'T ALREADY. HERE ARE A LIST OF SOME SYMPTOMS TO FIND OUT IF YOU YOURSELF ARE A USER: ~~1~~ your personal ~~appearance~~ appearance is important, you do things to your person as a means of appearance instead of comfort or health (such as hair in super-style, face painting, garb and costume, etc....), indignation and discontent toward others appearances (shun them for other reasons unless their image conforms to a level of stupidity and unoriginality that it soon becomes intolerable), fashion ego, manipulation of your image in fear of discrimination or banishment from your niche ("friends"), and so on. IF YOU HAVE FOUND YOURSELF TO BE AN ADDICT AND CAN'T QUIT ON YOUR OWN, THERE ARE NO REHAB CENTERS TO GO TO. YOU ARE THE ONLY PERSON THAT CAN CHANGE YOU (others can have influence upon you, but no more). IF YOU BELIEVE YOUR IMAGE, AND MINE FOR THAT MATTER, IS IMPORTANT, THEN YOU ARE SADDLY MISTAKEN.

the recent successes of the lalaloser tour, and bands such as nirvana, the red hot chili peppers, and rollins band, etc. has left me with a foul taste in my mouth. please don't think i feel jaded or sold-out by these "alternative" bands. whatever path that they felt they must take is fine by me, i could care less about their decision. yet i can not help but to feel used. you see in some form you and i made these bands. it was i who bought the first seven inch records, or who traded demo tapes. it was me who drove to see them play in a v.f.w. hall. it was us who supported the so called alternative scene, and let bands like nirvana develop into the Mtv darlings that they are. why is it everyone you help, likes to spit back in your face. why is it i have to pay 9\$ if i want to hear h. rollins cry about how many friends he has lost, when 2 years ago it would have been free. on the ladder of success we don't even reach the first rung. fuck everyone

HARDLINE

Wa

I WANT YOU
TO BE IN MY
NEW FAR OUT
FILM!!!!!!

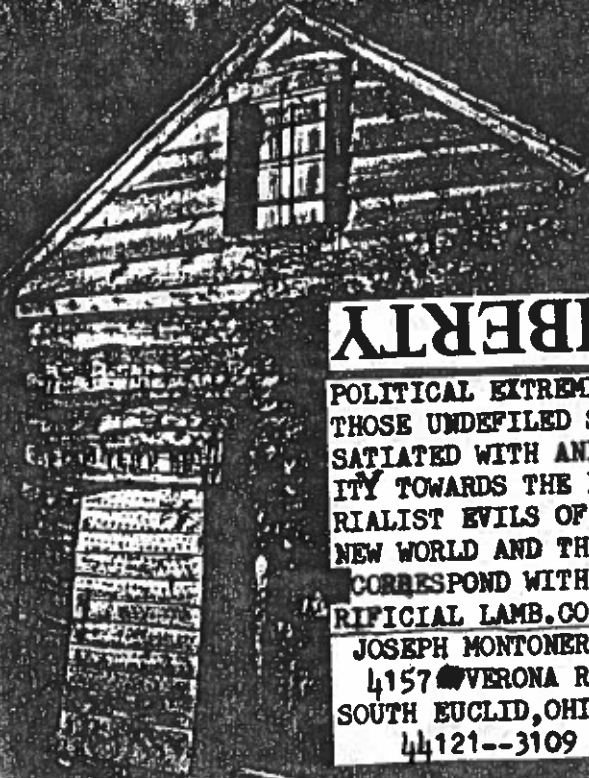

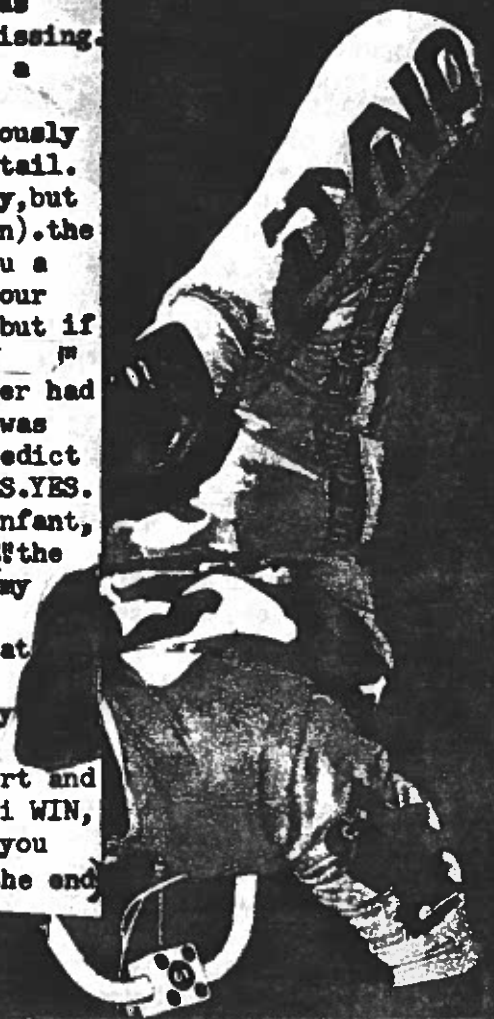

I guess what they say is right, and that history does repeat itself. And it appears that this latest cycle has come around with the existence of HARDLINE. I thought that Hitler died, i guess i was wrong. It seems as though if i do not subscribe to the vegan, anti-abortion, anti-gay, propaganda, i am "damned to my man made hell" or so i'm told. This is as if HARDLINE has such a heaven to offer me. As far i can tell these people live in the same world i do, and if there life is so good, why do they seem so angry?

However now that i have publicly stated my disagreement with HARDLINE, i guess i am supposed to be on some death list, or a known enemy of HARDLINE. And that the HARDLINE crew is going to beat me into submission, which is obviously the best way to change peoples minds. What i'm trying to say is that HARDLINE is not a new concept, the last time it was around it was called the Nazi party. Maybe it is just me, but i don't see HARDLINE lasting 2 years. Does anyone else find it interesting that the word "reich" keeps appearing? Heil HARDLINE!

HARDLINE PRACTICE

mother rat took her baby to wander amidst the stagnant walls they called home. when they stopped to rest, mother fell dead asleep. the baby decided to wander. some time later, mother was awoken by sharp, piercing cries and realized her baby was missing. she ran through the floorboards (like a trained rat through a maze) and out a furnace duct where the grating seemed to be missing. in front of her stood a filthy, crooked man precariously holding a mousetrap with a baby rat dangling by its bloody tail. it said "cheese?" mother was also quick to notice a very rusty, but sharp pair of scissors in his other hand (which was soiled on). the man said "dearest mother rat, let nobody say i didn't give you a chance, so if you can predict accurately what i will do to your sweet little baby then i will give it back to you unharmed, but if you guess wrong, i can do what i want with it, how about that?" the room began to smell like rotting flesh and alcohol. mother had no alternative but to answer. "i p-p-predict you uh, uh," she was mumbling. "SPEAK UP" came out of the man rather harshly. "i predict you will kill my baby" said mother in a distraught voice. "YES. YES. you're very correct, but i'm afraid i CANNOT give you your infant, you see, if i did, then your prediction would have been FALSE!" the mother was quick to say "but if you DO kill my baby, then my prediction would be ACCURATE, and you said if i was accurate, i would get my baby back unharmed." both of them sat silently in the stale air until the filthy man broke the silence. the scissors made a deathly scratching noise as they converted the quadriped into a biped. the gulpy, bloody mess blended in (as if it were finally home) in the dirty man's shirt and hands. "i WIN, i WIN, i WIN," he cried with relief. "i HATE RATS, i WIN, i WIN, i WIN." the mother questioned the wretched man "SIR, do you know how much spawn i can produce? do you have ANY IDEA?" (the end)

To all Prisoners of War!

The escape from prison camps is no longer a sport!

Germany has always kept to the Hague Convention and only punished recaptured prisoners of war with minor disciplinary punishment.

Germany will still maintain these principles of international law.

But England has besides fighting at the front in an honest manner instituted an illegal warfare in non combat zones in the form of gangster commandos, terror bandits and sabotage troops even up to the frontiers of Germany.

They say in a captured secret and confidential English military pamphlet.

THE HANDBOOK OF MODERN IRREGULAR WARFARE:

"... the days when we could practise the rules of sportsmanship are over. For the time being, every soldier must be a potential gangster and must be prepared to adopt their methods whenever necessary."

"The sphere of operations should always include the enemy's own country, any occupied territory, and in certain circumstances, such neutral countries as he is using as a source of supply."

England has with these instructions opened up a non military form of gangster war!

Germany is determined to safeguard her homeland, and especially her war industry and provisional centres for the fighting fronts. Therefore it has become necessary to create strictly forbidden zones, called death zones, in which all unauthorised trespassers will be immediately shot on sight.

Escaping prisoners of war, entering such death zones, will certainly lose their lives. They are therefore in constant danger of being mistaken for enemy agents or sabotage groups.

Urgent warning is given against making future escapes!

In plain English: Stay in the camp where you will be safe! Breaking out of it is now a damned dangerous act.

The chances of preserving your life are almost nil!

All police and military guards have been given the most strict orders to shoot on sight all suspected persons.

Escaping from prison camps has ceased to be a sport!
